

REMARKS

Applicants respectfully request that the foregoing amendments be made prior to examination of the present Application.

Replacement paragraph 0001 has been provided to claim priority to International Application No. PCT/US2005/000038.

Claims 1, 8, 9 and 11-13 are currently being amended. Claim 21 is currently being canceled without prejudice to further prosecution on the merits. Claims 22-29 are currently being added to provide claims of varying scope. No new matter is being added. After amending the claims as set forth above, Claims 1-20 and 22-29 are now pending in this Application.

Applicants also expressly withdraw and disavow any and all claim amendments and remarks (including remarks directed to or about any cited reference) made in connection with the parent application (PCT Application No. PCT/US2005/000038), or in connection with any related application. Applicants do not intend any prior claim amendment or remark in the parent application or any related application to have any effect on the prosecution or scope of the single claim in the present Application.

Applicants believe that the present Application is now in condition for allowance. Favorable consideration of the Application as amended is respectfully requested.

The Examiner is invited to contact the undersigned by telephone if it is felt that a telephone interview would advance the prosecution of the present Application.

Respectfully submitted,
